

PreView® Has Your Blind Spot Covered

VEHICLE TYPE: MOTOR GRADER

proudly developed by

- ▶ Reduce Blind Spot Accidents
- ▶ Actively Detect Objects

The in-cab display provides the driver with an audible and visual alert when an object is in the detection zone. As the object moves closer to the sensor, the audible alert increases and more LEDs light up on the display.

One Xtreme PreView® sensor is mounted on the rear of the motor grader

PreView Coverage Area

Available Options: Replace in-cab LED display with PreView Plus camera and monitor system. Superimposes object detection indicators directly on to monitor and will support up to 4 cameras.

Feed cable through vehicle to connect the in-cab display to the sensors.
