

Truck Bed LED Light Kit

Impact Resistant Flexible Tubes

Description

The Vision X 3' rectangular HIL-TRUCK3W features truck bed led light kit, a wide flood beam pattern that offers you a very wide amount of light with not as much distance, and clear housing.

The HIL-TRUCK4W comes with a standard warranty, 12V DC input, and weighs 1 pound. Coming with impact resistant flexible tubes along with built in reflector which ensures a spotless illumination.

Features and Benefits

- Built in Reflector Ensures Spotless Illumination
- Ultra Low Power Consumption
- Extremely low 0.67A Draw
- Can be used as approach lighting under Nerf Bars
- Sleek design fits under bed rails or in tool boxes
- Wire to courtesy lights for wireless operation.
