

# 100 Series Heavy Duty Back-up Alarm

## One of the most rugged, heavy duty alarms on the market

### Description

One of the most rugged, heavy duty alarms on the market. These alarms are designed to withstand the most punishing environment. Used by major OEM's. The 109, 110 and 112 are all manually adjustable alarms and the 1060, self adjusting. The 1060 automatically adjusts to 10db above the surrounding noise. Suitable for extreme vibration applications.

Mount: #8-32UNC terminal studs on the rear of the unit.

### Features and Benefits

- Rugged construction for heavy-duty applications, with terminal studs on the back of the unit.

### Applications

Heavy equipment vehicles
