

Kill Zone LED 24V Utility Red Lights

“If you are in the red, you are dead”

Description

The Vision X Kill Zone System uses an elliptical pattern and a RED LED to paint a potential “Kill Zone” path around the counter weight of any shovel or can also indicate the swing path of any piece of equipment. This modular system can be scaled to any size or any application. Operators of Rope Shovels, Drag Lines and Hydraulic Shovels have their indication systems when vehicles are too close, but sometimes it is too late. The Kill Zone System ensures anyone working around a piece of equipment has a distinct line they know not to cross.

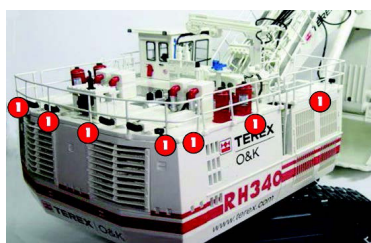

Features and Benefits

- Available Swivel Mount and Handle
- Integrated Deutsch Connector
- Die-Cast Aluminum Housing
- Polycarbonate Lens
- Patent Pending

Tech Specs

Dimensions	5.47" x 5.47" x 3.26" (139 mm x 139 mm x 83mm)
Optic Purity	90%
Driven at	90%
Input Voltage	24V DC
IP Rating	IP68
Vibration Rating	15.6 Grms
Operating Temperature	-40 Celsius ~ +80 Celsius
Available Housing Color	4" Square or Round
Effective Lumens	7 LED - 1,596 lm
Wattage	21W
LEF Lifespan	20,000 Hours

Part No.	Description
XIL-UM40E3065R	Vision X Kill Zone LED 24V Round 21W Red LED
XIL-UM44E3065R	Vision X Kill Zone LED 24V Square 21W Red LED
