

Adventure Lights VIP LED Marking Light

The Pinnacle Of Portable Emergency / Marker Lighting

Description

The VIP Signal Light is the pinnacle of portable emergency / marker lighting. Tested in deserts, the Arctic, in the stratosphere and hundreds of feet below the sea, the VIP has proven to hold up to the demands of extreme environmental conditions over unpredictable terrain. The VIP is the only light in the world that is a flashlight, emergency flasher and SOS survival beacon all in one palm sized package. Many of the world's most elite military, police and search and rescue teams currently use the VIP and attest that it sets new standards of quality and reliability.
