

APS Multivolt 1C34 Series

4' Round LED Stop, Tail & Turn

Description

With a state of the art optical lens and patented reflector LED design, the APS Multivolt 1C34 Series improves emission area for greater visibility unlike LED 'dots'. Encased in a shock-proof design with a 10G vibration, the APS Multivolt 1C34 Series is the perfect solution for fleets, trucks, buses, and heavy-duty applications.

Application

Fleet Vehicles, Trucks, Long-haul, Buses, Support Vehicles, Trailers

Tech Specs

Type	LED
Voltage	8-32V DC
Function	Red (Stop, Tail, Turn) (1C340RMVP) Amber (Turn / Signal) (1C340AMVP)
Lifespan	100,000hrs
Vibration	10G
Dimensions (H x Dia.)	1.72" x 4.29" inches (43.1 x 109 mm)

Part No. Description

1C340AMVP	Multivolt 19 Diode LED 4" Round 8-32V inc. 3 wire lead Amber TS
1C340RMVP	Multivolt 19 Diode LED 4" Round 8-32V inc. 3 wire lead Red STT

Accessories Description

1C34AWC	Replacement Wire Harness. L:8" [203.2mm]
1C34SS4R	Stainless Steel Ring with Flange
91740	Rubber Grommet
