

Dragonwear Pro Dry™ Shape Shifter™ Neck Tube

Built with a High Performance 4-way Stretch Fabric

Description

The DragonWear Pro Dry™ Shape Shifter™ Neck Tube is an adaptation of the existing Shape Shifter™ design built with a high-performance 4-way stretch fabric that offers a CAT 2 rating and has built-in UPF 50+ sun protection. The Shape Shifter™ allows workers to adapt to shifting conditions and protect from external Elements™ with versatile *facial, neck, and head coverage that can be worn as a face/neck gaiter, a balaclava, or a layer between the head and the helmet to stay cool.

Features and Benefits

- Inherently fire and arc-resistant
- Protects against breathing in environmental Elements™
- UPF 50+ rated sun protection
- 4-way stretch for freedom of movement
- Versatile design provides multiple options for wearing
- Increased fabric wash-and-wear durability
- Tagless neck label for a true comfort experience
- Anti-odor Silver Plus® fabric technology
- Materials: Inherent Quad-Blend FR Fabric with added Spandex: 6.2 oz/sq. yd

Applications

Linesman, utility workers, emergency services personnel
