

# ECCO EW2461 Series

## Magnetic Rechargeable LED Worklamp

### Description

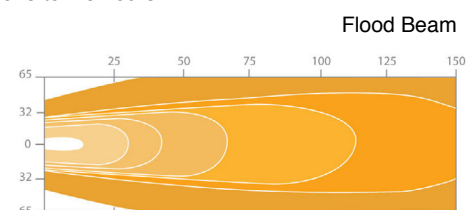

The ECCO EW2461 Magnetic Rechargeable LED Worklamp features a high intensity flood beam and three operating modes – 100% intensity, 30% intensity & SOS flashing, this battery powered worklamp combines mobility with high performance and a compact design.

The long-life, lithium rechargeable battery allows the worklamp to be operated for 3 – 4.5 hours before recharging is required. EW2461 features a waterproof cap and is supplied with a USB charging wire, as is EW2461-CAMO.

EW2461CA-AU is supplied with a AC power supply/DC power plug and features the following five operating modes, 100% intensity white, 30% intensity white, 100% intensity amber, double flash amber and quad flash amber).

### Features and Benefits

- 5 × 3W LEDs on model EW2461 and EW2461-CAMO (EW2461-CAMO Stock available Feb 2021)
- 10 × 3 Watt LEDs on model EW2461CA-AU
- EW2461CA-AU model features double and quad flash modes
- Rechargeable lithium battery, estimated run time of 3 to 4.5 hours
- Magnetic base
- Aluminium heatsink housing
- Stainless steel mounting bracket
- Polycarbonate lens
- 650 Raw, 600 Effective Lumen
- CE, 1 year warranty

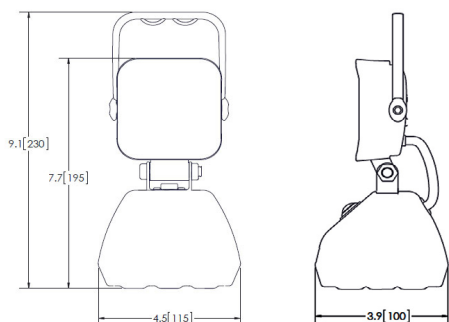

### Applications

Flagging stations, roadside assistance, and scene lighting

### Tech Specs

LEDs	5 × 3W LEDs (EW2461 and EW2461-CAMO), 10 × 3W LEDs (EW2461CA-AU)
Colour Temperature	6520K
Lumens	650 Raw Lumens, 600 Effective Lumens
Beam Pattern	Flood
Colours	White (EW2461 & EW2461-CAMO), White / Amber (EW2461CA-AU)
Flash Modes	100% intensity, 30% intensity, and SOS flashing (EW2461 & EW2461-CAMO), 100% intensity, 30% intensity, 100% intensity amber, double flash amber, and quad flash amber (EW2461CA-AU)
Battery type	Lithium Battery (Rechargeable)
Voltage	12-24V DC
Draw	3.2A @ 12V DC
Operating Temperature	-30°C to +50°C
Ratings	IP67, CE
Mounting	Magnet mount, stainless steel mounting bracket to light fixture
Connection for Charging	Micro USB chargeable (Minimum 1.5A) (EW2461 & EW2461-CAMO), 240V Australian AC power supply (EW2461CA-AU),
Housing material	Aluminium heatsink housing, Black or Camouflage (EW2461 & EW2461-CAMO)
Charge time	3.5 - 5.5 hours
Runtime	3 - 4.5 hours
Lens	Polycarbonate
Weight	1.27 lbs (0.77 kg)
Warranty	1 Year

Part No.	Voltage	eLumens	Body Color	LED Color	Description
EW2461	12-24V DC	600Lu	Black	Clear	Micro USB chargeable (Minimum 1.5A)
EW2461-CAMO	12-24V DC	600Lu	Camo	Clear	Micro USB chargeable (Minimum 1.5A)
EW2461CA-AUS	12-24V DC	600Lu	Black	Clear/Amber	240V Australian AC power supply
EW2461CR-AUS	12-24V DC	600Lu	Black	Clear/Red	240V Australian AC power supply
