

Phillips LECTRAFLEX™

Description

An ABS cable designed to carry a higher current with less voltage drop, the Phillips LECTRAFLEX™ reduces heat and increases safety.

Features and Benefits

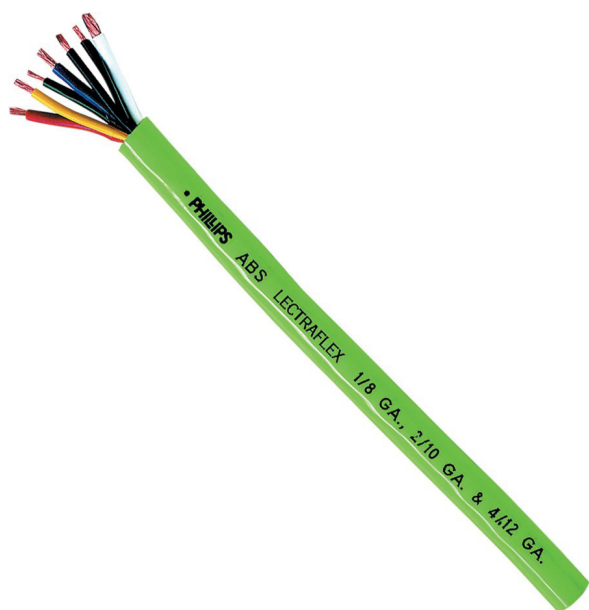

- Perfect for ABS applications
- Green jacket
- Superior abrasion resistance
- Stays flexible to -40°F (-40°C)
- Meets SAE J2394 specifications

Applications

ABS applications, Fleets, Mining

Part No. Description

Part No.	Description
3-326	7 Conductor, 1/8, 2/10, 4/12 ga. ABS . 680 O.D., 50' Length
3-327	7 Conductor, 1/8, 2/10, 4/12 ga. ABS . 680 O.D., 100' Length
3-328	7 Conductor, 1/8, 2/10, 4/12 ga. ABS . 680 O.D., 250' Length
3-329	7 Conductor, 1/8, 2/10, 4/12 ga. ABS . 680 O.D., 500' Length
3-330	7 Conductor, 1/8, 2/10, 4/12 ga. ABS . 680 O.D., 1000' Length
