

J.W. Speaker Model 892

Compact LED Work Light

Description

Move forward with confidence with the Model 892 LED Compact Work Light. This powerful LED work light projects a wide beam of light via custom lens optics producing 3,800 lumens in front of your vehicle for incredible visibility. Use it in agriculture, construction, mining and even off-road environments to stay active, productive and safer at all hours and in any weather.

Built with sturdy aluminum housing and an impact-resistant polycarbonate lens, the Model 892 shines brightest for crews in the harshest, most demanding worksites. The durable, pedestal-mounted and corrosion-resistant LED light fits easily on a wide range of work vehicles for nonstop productivity. Designed with thermal throttling protection for construction and agriculture applications, the Model 892 performs above the rest. Rated IP67 and IP69K, the Model 892 withstands bumps, thumps and vibrations common when used in tough, weather-adverse sites.
